

#### **Lending Into Retirement**

The undernoted criteria must be applied when considering client proposals that will extend either into retirement or attaining the age of 75.

This criteria applies primarily to Residential Mortgages. For BTL mortgages, servicing will continue to be measured against rental income as per our BTL policy, but we must also consider the dependence upon personal circumstances and income to cover associated risks e.g. rental voids, repairs and maintenance etc. The maximum term criteria will also apply against BTL mortgages.

The following criteria will apply where <u>any</u> applicant will be beyond their 75<sup>th</sup> birthday at term end.

## **Standard Lending Into Retirement:**

- Maximum LTV: Capital and Interest 80%; Interest Only 60%; Part & Part 60%
- From the point of retirement, or 75<sup>th</sup> birthday, whichever is due first, only 'retirement' income will be permitted from that day for the purpose of evidencing affordability no 'working' income will be allowed
- No projected income will be allowed where retirement (or age 75) is still more than 5 years away. All income must be evidenced.
- A single asset may not be suitable as a means of both servicing and repaying the mortgage
- The maximum term allowable will be assessed on an individual basis using all appropriate information and data available to us i.e. Interim Life Tables published by the ONS
- All parties to an application will be required to receive Independent Legal Advice in the event of any applicant being aged 75 or over at point of application.

### RIO:

- Number of applicants: 2 (maximum) affordability assessment is per applicant
- Age of **all** applicants: 55 (minimum) **and** in retirement
- LTV: 50% (maximum)
- Loan Size: £30,000 (minimum) to £1m (maximum)
- Term: 5 years (minimum) No maximum
- Property Value: £100,000 minimum
- Repayment of Loan will be from the sale of the property upon the latest occupant vacating it i.e. death or moving into residential care facility Affordability for joint applicants must be proven against each applicant individually to ensure each has the ability to service the loan in the event of the other applicant's death. All income must be proven as sustainable for the term of the mortgage

### Use the <u>Retirement</u> Affordability Calculator to check affordability passes before submitting your application

#### Acceptable Retirement Income - 3 months bank statements must be provided

| Acceptable        | Income Allowed            | Evidence Required  |  |
|-------------------|---------------------------|--|--|
| Source            |                           |  |  |
| State Pension     | 100%                      | DWP confirmation letter or latest P60 – no more than 12 months old |  |
| Annuity Income    | 100% - if guaranteed      | Last 3 months advice slips or latest P60                           |  |
| Defined Benefit   | 100% - if guaranteed      | As above   |  |
